# GRADUATION

# IN MOTION

2026

Don't miss the final acts from young circus graduates!

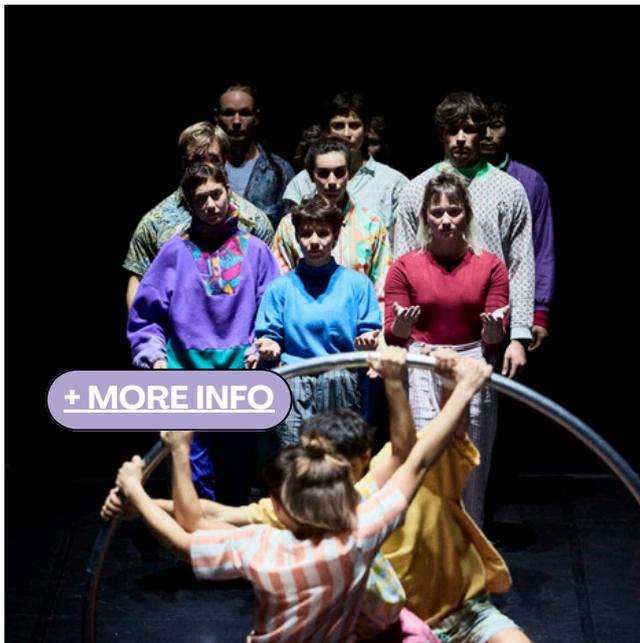

**Graduation in Motion is a new resource designed by FEDEC-International network for professional circus education to showcase the performances of circus school graduates from all around the world.**

Developed through the collective efforts of FEDEC network members, this calendar aims to help industry professionals discover new circus artists and connect them with career opportunities.

This, in turn, supports the professional integration of young graduates by giving them visibility and providing a space to share their performances as they transition to the professional world.

Welcome, and enjoy discovering the work of this year's graduates!
